

NAJMA ADAN

My name is Najma Adan. I am a Muslim by faith. I am thirteen years of age. I am from St. John's Primary School. I am in Class Eight, the final year in primary school here in Kenya. I am looking forward to sitting for my final examinations in November this year. I am going to work hard so that I can pass my exams.

I am going to return your belief in Believe me My favorite subjects are English and Kiswahili. They are my best subjects among the others. We have teachers from different parts of the country but my best is Madam Grace, our RE teacher. She is my best because she advises us in how to achieve our goals, avoid bad people and be good people.

I would like to thank you for paying my school fees. I know that you have sacrificed or given up something so that you could donate your money to help children like me. I remember seeing Mr. Sumba and the students that come here in 2013. We hope that you will come and visit us again. Please believe me when I say that I will pass my final examination to prove to you that all your efforts for paying my school fees are not in vain. Thank you Oaklands.

I belong to Peace Club. We help to spread peace among pupils, teachers and the rest of our community. When I grow up, I would like to be a journalist. I would like to be a peace promoter too.
